

Tarkett® Vinyl Sheet - T150 Display

Love the day-to-day.™

Draw attention to your affordable flooring options with an updated Vinyl Sheet Display from Tarkett®. Designed with you and your customer in mind, this well-organized display provides an excellent selection of samples within a space-saving footprint. And, because we truly understand your flooring customer, we've created simple, easy-to-understand collection information for an optimal shopping experience.

1 Intuitive graphics.

A visually engaging message column features everyday performance photography, key product features and benefits, and the varied offerings of our three collections.

2 Consumer catalog.

Featuring fun, real-life photography and product swatches of all 150 SKUs, this engaging sales tool tells the complete Tarkett® story – giving customers plenty of reasons to love the day-to-day and the floors built to handle the everyday.

3 Premium sampling system.

Organized for optimal presentation and use, Tarkett provides manageable 18" x 24" samples that are easy to view.

5 Take-home samples.

Real product samples for your customers to take home are key in the decision making process.

4 Maximum product, minimum space.

The modest footprint transitions easily into any showroom setting.
